

Makeda-Elizabeth Cabey

(340)-227-5798 | mlc359@cornell.edu | Ithaca, NY

Education

Cornell University

Bachelor of Arts in Information Science 3.0 GPA

Ithaca, NY

June 2027

Coursework: Interactive Web Design, Designing Technology for Social Impact, Data Science, Networks, Statistics & Research Design, Information Ethics, Law & Policy, Intermediate Spanish,

All Saints Cathedral School

St. Thomas, USVI

Achievements: *Valedictorian, 3.9 GPA* | Territorial Poetry Winner

June 2024

Projects

Community Events Web Application - React, Express.js, MongoDB, Node.js, Tailwind CSS, Figma

- Sketched **low-fidelity wireframes by hand** to explore layouts, then refined into **Figma mockups** and implemented with React/Tailwind for a polished, accessible UI.
- Built a **RESTful API** (CRUD + RSVP endpoints) with Express.js & MongoDB using URI syntax and proper HTTP methods/status codes.
- Implemented **debounced live search**, asynchronous client requests, and filtering for efficient event discovery.
- Designed card-based event UI with images, expandable modals, and interactive RSVP to encourage engagement.

Interactive Meme Generator – React, JSX, Java Script CSS, UX Patterns

- Developed a single-page React app for creating customizable memes with editable text, borders, and backgrounds.
- Applied state management, props, and conditional rendering to enable real-time live previews.
- Designed modular, reusable components and styled the UI for clarity and usability.

Related Experience

Black Lives at Cornell (BLAC)BOOK Co- President and Art Director

Cornell University

- Directed a 100-page publication: sketched concepts, built prototypes, and delivered to 500+ *Sep 2024- Present*
- Led a cross-functional team of 10 e-board members to manage an annual budget and execute organizational strategy
- Partnered with campus cultural orgs to expand visibility, increasing readership and event engagement across diverse student groups.

Summer Library Intern

St. Thomas, USVI

The University of the Virgin Island Orville E Kean Library via Department of Labor

June- Aug 2022

- Managed the circulation desk and technical equipment lending to facilitate student and community research.
- Utilized design platforms to create posters and social media content which increased student awareness of library resources and collections.
- Managed and preserved archival materials, including obituaries and historical pamphlets, ensuring proper digitization and organization.
- Streamlined inter-departmental communications and information distribution to maintain efficient workflow.

Additional Experience and Involvement

Media/Control Public Affairs Intern

St. Thomas, USVI

The Office of Senator Carla Joseph at the Legislature of the Virgin Islands

June – July 2024

- Supported event setup and breakdown while troubleshooting technical issues in real time to keep broadcasts on schedule.
- Executed multi-camera livestreams across Facebook, YouTube, and Vimeo, reaching 1,000+ daily viewers across the territory.
- Maintained clear communication with hundreds of live viewers, ensuring seamless broadcast operations.
